## **EXPERIENCE**

- Currently self employed serving children diagnosed with various speech language disorders such as receptive/expressive language disorders, phonology/articulation, apraxia of speech, and auditory processing.
- 3 years experience within Ohio and North Carolina school systems working with preschool and school-age students.
- Directed individual and group activities for children ages 3 to 18 with an emphasis on individualized goals from I.E.P.
- Serviced an elementary school, containing two severe profound classrooms as well as a Hearing Impaired Program.
- Participated in Preschool transition testing, diagnosing, treatment, and counseling (of both child and parent)
- Provided therapy/diagnostics to Preschool and Elementary Hearing Impaired children using the A-V Auditory Verbal Program.
- Collaborated with faculty and families as an RTI-Response to Intervention School in order to best meet the needs of the individual student.

“I love working with children and believe in a family centered approach to therapy. I focus on creating a positive and energetic approach to speech therapy that will best fit the individual needs of your child. Seeing the children I serve grow in their language potential is truly an amazing experience that I would love to share with your family.”
